An innovative pedagogical approach is proposed combining in-depth knowledge in EU studies, learning of new professional skills and networking and mentoring sessions.

The programme includes lectures and other activities every week day and covers:

- The challenges of the EU & Introduction to the politics of the EU
- The deepening and widening of EU integration process
- A more (geo)political EU Commission
- The European Parliament
- The power of Member States
- Judicial politics. Rights, norms and values
- Interest representation in Brussels: mapping the actors
- EU in the world. Normative power vs strategic interest?
- Decision-making in the EU
- Negotiating the EU budget
